

## THE SILVER MEN FIX A PLAN OF ACTION

THEY WILL COMPLETELY IGNORE THE MINORITY.

Friends of the Gold Standard to Submit in the Convention But Bolt at the Poles—Important Meeting to Be Held Tonight—Draft of Platform.

Chicago, July 3.—Silver democrats are to ignore entirely the gold minority in the democratic national convention. This plan of action has been made apparent by every move taken by the white-metal advocates since they began to map out their line of action in the convention. They have convinced the gold men that they intend to dictate every move of the convention to the

W. F. HARRITY.

least important details and to allow the opposing anti-silverites absolutely no voice in the proceedings. From the present indications the gold men will submit after a heavy discharge of blank cartridges. They will protest sufficiently to give them an excuse for voting the republican ticket next fall.

Tonight the gold men will hold their first council of war. By that time William C. Whitney, who is admitted to be in absolute control of the anti-silver forces, together with Senator D. B. Hill, Senator Vilas, ex-Gov. Russell and the rest of the leaders in the fight against free silver, will be in the city. At the meeting, which, it is said, will be composed of fifty prominent democrats, the exact line of procedure against the anti-silver majority will be mapped out. Also the question of a bolt by the anti-silver men will be settled. Mr. Whitney is expected to preside at the meeting, and it is predicted by the politicians that his every wish will be carried out by the conference.

The boomers of Horace Boies are putting in most of their time making, or, rather, attempting to make, a combination with the eastern gold democrats, who, they hope, will turn toward some candidate distasteful to Gov. John P. Altgeld and the rest of the extremists in the convention.

The work of the anti-silver men is said to be seriously handicapped by the presidential aspirations of many of their leaders. William C. Whitney himself is said to be hoping that some day he will receive the party nomination for president and for this reason he does not care to make it possible for his opponents in after days to say that he bolted a democratic convention. Ex-Gov. Russell of Massachusetts is also a candidate for the presidency, and David B. Hill is looking forward to the day when he will be making a race for the white house.

Chairman Harrity is booming ex-Gov. Pattison for president. Mr. Pattison, like Bland and Boies, will not come to the convention, but will wait in the east for word of the nomination made by the convention.

Chairman Harrity admits that the gold men are as yet without definite plans for their fight in the convention. Only one or two conferences have been held by the gold men. These have been in the east, and Mr. Whitney was the presiding genius. Tonight, for the first time, the gold men from all parts of the country will get together to talk over the situation.

Utah will submit a tariff plank to the committee on resolutions. At present it is in the rough draft in the pocket of Judge Powers of the Utah delegation. It is based on the old Walker tariff law, and reads as follows: "We favor the imposition of duties to meet the demands of the government for revenue, such duties to be so adjusted as to operate equally throughout the country and not discriminate between classes and sections."

"I have shown the plank to a number of delegates," said Judge Powers last night, "and it meets with approval. It is short and to the point, for the platform which will be adopted by the convention will be a short document as platforms go, and I want this plank to be in harmony with the whole. Of course the platform will put free and unlimited coinage of silver up as the great dominant issue, but even the silver plank will be a crisp one."

Yesterday Chairman Harrity said that the national committee would take advantage of its prerogative and would elect a temporary chairman for the convention. This man, it is said, will be one of William C. Whitney's pickings, and, most likely, Senator Hill will be the man.

Sensor Vilas is mentioned for the place by some of the gold men who are anxious to have the positions of their ring of the party as possible removed from Wisconsin. They argue that Mr. Vilas is a man, and

not as likely to be charged with being the paid agent of the money-loaners as Mr. Hill or some other prominent eastern democrat.

Mr. Vilas, however, is anxious to be on the floor of the convention. He has some things to say in regard to free silver if the silver majority will give him the chance which he believes will do gold more good than anything he could say as temporary chairman.

The national committee is not courting trouble with the silver men. Chairman Harrity and his associates would be very pleased to name some man who would not be offensive to the silver leaders were they a little more modest in their demands. But the silver men are particularly anxious that the national committee, unless it completely backs down and names a well-known silver advocate for temporary chairman, make the assignment to some ultra gold man, so that they will have color for their action in defying the national committee and electing an out and out silver man for temporary chairman.

Gov. William J. Stone of Missouri has announced his intention of resigning from the "three-senators-two-governors-committee" of the silver men. He said he was too busy with the Bland boom to give the proper time to the fight of the silver men. Gov. Stone declares that he does not want to be temporary chairman, but the silver men are publicly announcing that he is the man who is to be used as the battering-ram to knock down the choice of the democratic national committee. Last night Senator Daniel of Virginia was also put forward by the silver men for temporary chairman of the convention. At the same conference which proposed Senator Daniel's name W. J. Bryan of Nebraska, H. D. Money of Mississippi and Charles S. Thomas of Colorado were mentioned. A telegram was sent to Mr. Thomas, telling him to prepare a red-hot silver speech in order to be ready in case of his selection.

The silver leaders said they probably would not make a protest against a gold man as temporary chairman of the convention if he would promise to make no speech. They want the first speech to be a rattling, snappy, emphatic, cheer-raising and doubt-dispelling free-silver oration. The man appointed by the national committee would make a gold speech, the silver men assert, and this would be sadly out of joint with the rest of the proceedings of the convention.

Of the presidential candidates it is generally believed that Bland is in the

EX-GOV. BOIES.

lead. His friends have opened headquarters in almost every hotel in the city and are making more noise than all the other candidates put together.

Mr. Whitney does not want a split in the Democratic convention. It is said that he is not opposed to a bolt, except on the ground that it will weaken the fight of the anti-silver men, who, in his opinion, to insure the defeat of the silver candidate must unite in casting their votes for McKinley.

Though Mr. Whitney never has advocated in so many words the support of McKinley by the sound-money democrats, it is well known among the politicians that this is his idea when he protests against the bolt in the convention.

Mr. Whitney's position is displeasing to a great many sound money Democrats who are now in Chicago. They say he is making a sort of a straddle, and while a few hundred leaders might make a compact to cast their votes and strength for McKinley they cannot control the votes of the laymen of the party, and that when the republican press begins to ridicule the Democratic party the fighting blood of the laymen will be stirred up and they will cast their votes with their own party.

This wing of the anti-silver men want a bolt and a separate sound money ticket. They say that Mr. Whitney would have them sit in the convention like wooden men and make no sound when the wheels of the silver machine pass over them and then have the bolt come at the polls next November.

It is expected that the first and probably the hottest skirmish between the silver and gold men will come almost immediately after Chairman Harrity uses his gavel to call the convention to order.

### WANT A SHORT CONVENTION.

Friends of Free Silver Have No Desire to Prolong the Struggle.

Springfield, Ill., July 2.—If the free silver leaders have their way the Chicago convention will be in session but one day. They intend to make a vigorous effort to carry this program into effect and that is one reason why they are so determined to have a free silver man for temporary chairman. They want a man who will expedite business

in a manner that will meet their approval.

Gov. Altgeld has returned to Springfield from Chicago and it was he who said the free silver men wanted a one-day convention. The governor expects to return to Chicago Sunday and will remain until after the convention. Gov. Altgeld said the advance guard of free silver men at Chicago were of one mind and that was that a short convention was imperative to the good of the cause. As to the position of temporary or permanent chairman the governor said he did not want either.

Gov. Altgeld said he had no idea who would be temporary or permanent chairman of the convention beyond that both positions would be filled by men acceptable to the free silver democrats. In regard to the presidential nominee, he said, he had no preference. It was too soon yet to fix upon a man. There were not enough delegates in Chicago to determine upon any one. The chief object now was to see to it that the rights of the majority were not interfered with by Wall street gold.

### MODEL OF A PLATFORM.

Some of the Principles that the Document Will Contain.

Chicago, July 3.—A platform that will be submitted in the committee on resolutions has been prepared by a number of men here, including Colonel

SENATOR BLACKBURN.

C. H. Jones and N. M. Bell of Missouri and Congressman McMillin of Tennessee. The dominant feature of this platform is, of course, the declaration in favor of the free and unlimited coinage of silver at the ratio of 16 to 1, independent of the action or consent of any other nation on earth.

The tariff plank is almost in favor of protection. It declares in favor of revenue by customs sufficient to provide for the expenses of the government. There isn't a word about robber tariff or for revenue only. The Monroe doctrine is reaffirmed in this platform. There is not a word of commendation for Grover Cleveland in his efforts to enforce it in the Venezuela case. Aside from the financial plank the platform is brief and pointless, and before adoption by the convention it will probably be reduced in size. The avowed policy of the convention, as declared by men like Daniel, McLean, and other leaders, will be to say something that will not cause any bother. Free silver and a sort of adjustable principle which each man can fit to his own ideas on every other subject of national importance will be the dominating characteristic of the democratic platform of 1896.

### TELLER REFUSES.

Writes Gov. Altgeld That It Would Injure the Silver Cause.

Chicago, July 3.—The statement made Wednesday by W. H. Hinrichsen that Senator Teller of Colorado would not accept a nomination for president at the hands of the Democratic convention, even if tendered, has been affirmed by the best authority that could be offered in evidence—a personal letter. Senator Teller, who has been scrutinizing closely the press reports of the preliminary doings in Chicago, has written a letter to Gov. Altgeld, who has been very close to him since the bolt from the republican convention, advising the governor not to push his (Teller's) name for president; that it would be an unwise move under the circumstances, and would, he felt confident, prove very serious to the silver cause in November. It was a short letter, but to the point and final, so far as Senator Teller is concerned.

### To Present Blackburn's Name.

Frankfort, Ky., July 3.—John S. Rhea of Russellville Thursday sent a telegram to Senator Blackburn, accepting the latter's invitation to present his name to the national convention. Mr. Rhea is one of Kentucky's foremost orators. Ex-Congressman W. T. Ellis of Owensboro will probably be chairman of the Kentucky delegation and Editor Guy Woodson seems to have the inside track for national committeeman. The principal part of the Kentucky contingent, which will number several hundred, will leave for Chicago Sunday.

### Will Uphold Two-Thirds Rule.

Chicago, July 3.—Indiana, at a meeting of ten of the fifteen delegates, held at the headquarters at parlor M of the Palmer House last night, decided that they would not support the movement to abrogate the two-thirds rule. Assurances have been received, so one of the delegates said, that Ohio will also enter a protest against the abolition of this time-honored rule of democracy.

## THE MOB IS CHARGED WITH SET BAYONETS

MILITIA COMPANY DISPESES A CLEVELAND CROWD.

Labor Troubles in the Ohio City Calumniate in Bloodshed—Non-Union Men Fires Into a Crowd and Kills a Bystander—Lynching is Threatened by the People.

Cleveland, O., July 3.—The labor troubles reached a point Thursday night at the Brown Hoisting and Conveying Machine company works which some people hope is a culmination, but which the police fear is only a forerunner of even more fearful experiences. As it is one man is dead in a morgue, his assailant is under arrest, the militia are under arms and the police are massed in the central station awaiting a possible necessity for further activity on their part. Mayor McKisson has issued a proclamation calling on all citizens to remain in their houses and to keep away from all centers of conflict. The city administration declares itself determined to preserve order at all hazards.

The police again charged the crowd Thursday night, breaking crowns with their clubs, and the injured, while not so many as on Tuesday night, are more seriously hurt. Cleveland's police force is smaller in proportion to the population than in any other city in the country, but there are 290 patrolmen in active duty in the city. Of these 250 were in the immediate vicinity of the Brown works when trouble began.

Ten thousand people surrounded the non-union workmen, who left the place about 4 o'clock under police escort. They were hooted and jeered at as they passed out. Finally fifty or sixty of the non-union men passed out with policemen at either side of them, Captain English and Deputy Superintendent McMahon being in command. For many nights past the police have been loading the non-union men into patrol wagons and taking them downtown to the central station, allowing them to go home later at night from there.

Thursday a different plan was pursued, greatly to the surprise of the strikers and their friends. The police surrounded the non-union men and marched them west on Hamilton street and thence through Belden and St. Clair streets to Case avenue. On Case avenue they marched south to Windsor avenue and thence east to Wilson avenue, on which, near Euclid avenue, the fourth precinct station is located. At Wilson and Euclid avenues wagons and wheelmen, fearful to cross the Cleveland and Pittsburgh railroad tracks, were caught in the crowd and could not go forward or back. The strikers were marched into the fourth precinct station and the police formed across Wilson avenue. Captain English then gave the order to disperse the crowd, but, it is said, told the police not to use their clubs. The clubs were, however, used with fearful effect and many a head was cracked.

An incident took place which will surely bring criticism upon the police. A wagon, in which was Fred W. Hearn, W. J. O'Neill and others, was hemmed in. The police ordered the men out of the way. Hearn, who was driving, said he could not get out. He and O'Neill were hauled off the wagon and Hearn was clubbed unmercifully. O'Neill is a rich contractor. His right ankle was injured, and he says that he will have damages if it takes every cent that he has.

The police chased one-half the crowd north of Wilson avenue and the other half down the Cleveland and Pittsburgh tracks. The streets were, however, soon cleared. Two hundred and fifty patrolmen took part in the charge.

Meanwhile, a still more serious affair was taking place. One of the non-union men, Albert J. Sanders, did not avail himself of police protection, but jumped on his wheel and rode easterly on Hamilton street from the works. He had not gone far before he heard some one calling him to stop. He rode on. Again came the command to halt, but he did not stop. Then came a volley of brickbats and stones. One stone hit him and he fell from his wheel and rolled in the road. More brickbats followed.

Sanders leaned on his elbow and, drawing his revolver, fired at random, he says. William Reichter, a striker, but whose friends declare he was not one of those who were pursuing Sanders, was in an alleyway running from Wirtland street east between Hamilton and St. Clair streets. As the shot was fired he threw up his hands and fell. Two women ran to him, and he died in their arms. He was hit near the heart. A crowd surrounded Sanders and threatened to lynch him, but he was rescued from them. Later he was put in a patrol wagon, which was called to the spot.

Meanwhile the mayor had ordered out three companies of militia. The Cleveland City guard stood around the patrol wagon in which was Sanders. Presently the crowd began stoning the militia and at this company F of the Fifth regiment fixed bayonets and charged across a field from St. Clair street. One man was bayoneted through the cheek, but no one knows his name. His friends took him home. Company F soon afterward went home to their armory. They were fussed and reviled, and one window of the car in which they rode was broken by a striker. The Cleveland City guard accompanied the patrol wagon with

Sanders as far downtown as danger existed. Sanders is in the central station.

### BASEBALL REPORT.

Games Played in the National League Yesterday.

Chicago managed to get the last of the series with Cleveland, but it was too late to retrieve honors. This afternoon Anson's men will rest and be ready for the double bill served up in the shape of the Louisville club on the Fourth. Yesterday's games:

### Tin Plate Wage Scale Decided.

Pittsburg, July 3.—The Amalgamated committee went into conference Thursday afternoon to make another effort to settle the tin-plate workers' wage scale for the year. After a long session the conference finally adjourned, after the manufacturers had agreed to a scale which is practically that of last year. While the scale was agreed to, none of the manufacturers would sign it as individuals, nor as a committee. This leaves the tin-plate lockout still in force and only modified by the agreement, giving each manufacturer the option of signing or not, as he chooses. The outlook for a general signing is not very rosy, although the workmen claim to be confident of ultimate success.

### Taubeneck Firm for Teller.

St. Louis, July 3.—Senator Teller will be the nominee of the St. Louis convention without a doubt. The populist party will not endorse or support Bland, Boies, Matthews nor any other democrat nominated in Chicago, even though the platform declare unequivocally for free silver at 16 to 1. These words were spoken by Chairman Taubeneck of the populist national committee. No one in the populist party is more fully prepared to speak upon what will probably happen at the populist convention, and he meant every word he said.

### Big Fire at Galveston, Texas.

Galveston, Tex., July 3.—Galveston had a \$150,000 Thursday afternoon. The Mallory line sheds, extending from pier 24 to pier 28, burned, together contents. A train of twenty-six empty freight cars on the track were consumed. The sheds were owned by the pier 24 to pier 28, burned, with were the property of the wharf company. In the main shed were stored 50,000 bales of jute and a large amount of bagging, ties and general merchandise. All the sheds were frame. Spontaneous combustion is the origin of the fire.

### Officers Driven Off by Women.

Cleveland, July 3.—The striking quartermen at Berea have quieted somewhat. Wednesday night some of them tore up some water pipe. Quarry No. 6, crippling it. Thirty workmen tried to repair it, but were beset by a crowd of women with clubs and stones, who compelled them to seek refuge in a shed. Two special officers went to their rescue and only succeeded in dispersing the women by drawing their revolvers and threatening to shoot.

### Quiet Funeral of Mrs. Stowe.

Hartford, Conn., July 3.—With all the beauty of the funeral service, the funeral service over the body of Harriet Beecher Stowe were solemnized at her late home Thursday afternoon. In accordance with the oft expressed wishes of Mrs. Stowe, everything in connection with the funeral was devoid of ostentation. Only relatives and close friends of the distinguished authoress were present.

### Minnesota Silver Men Bolt.

Minneapolis, July 3.—Notice of a bolt from the St. Louis platform has been served by a number of prominent Minnesota republicans in a manifesto issued here declaring for silver. It is the climax of the efforts of Congressman Charles A. Towne of Duluth, who arose to oratorical fame in the last session of the house by his free coinage speech, which will be freely used by the silverites as a campaign document.

### Says Immigrants Are Persecuted.

Rome, July 3.—During the discussion of the foreign estimates in the chamber of deputies Signor Campi called attention to the alleged persecutions of Italian immigrants in North America, and asked that the minister for foreign affairs take the matter up.

### Joe Patchen Outpaces Gentry.

Chicago, July 3.—Joe Patchen outpaced John R. Gentry Thursday all the way in both heats and won the match for a \$3,000 purse at Washington park rather easily. The time was 2:05½ in the first heat and 2:06½ in the second

Sauk City, Wis., July 3.—[Special]—The bank of Charles Naffz was robbed of three thousand five hundred dollars, while the employees were at dinner today. The robbers broke in the rear door, and left no clue whatever to their identity.

### Wisconsin Silver Men Meet.

Milwaukee, July 3.—At a meeting of the silver men Thursday night preparations were made for calling a state convention of the silver men in Wisconsin, irrespective of party affiliations, to take steps to place a silver ticket in the field in case either of the old parties in the state recognizes silver. The convention will be called for July 15 in this city. It is expected that the convention will consist of 900 delegates, representing all the counties of the state. By the date fixed it is expected that the Chicago convention will be concluded and the policy of the gold democrats of the state be outlined. Should they determine to contest for he control of the party organization the silver men, it is said, would be in a position to make a fight for the white metal.

### La Follette Would Be Governor.

Madison, Wis., July 3.—Robert M. La Follette, ex-congressman from Wisconsin, authorizes the announcement of his candidacy for governor. His distinguished services as Wisconsin's representative on the committee on resolutions at the St. Louis convention resulted in his receiving many letters from friends in all parts of the state urging him to declare himself as a candidate for republican gubernatorial honors. Not until now, however, did he decide to enter the race. He represented Wisconsin in congress three terms.

### CUBA VERY HEAVILY TAXED

The Expenditures Are Estimated at 100,000,000 Pesos.

Havana, July 3.—The Cuban budget has been presented to the cortes at Madrid. It gives the probable expenditure of the fiscal year as 28,583,132 pesos, not including extraordinary war expenses, which are expected to exceed 74,000,000 pesos. The internal revenues of the year are increased more than 11,244 pesos so as to offset the shrinkage from custom house receipts. The ad taxes are raised 18 per cent. License taxes will be increased 15 per cent. The income tax is increased 50 per cent. Stamp taxes are increased 50 per cent. Manufactures to pay 2 per cent ad valorem sumptuary tax. The budget is subject to modifications in the event that the reform bill of 1895 should be declared in effect. Where plantations have been expropriated the captain general is especially authorized to reduce or remit the tax thereon.

### ENGINE BOILER EXPLODES.

Three Trainmen Killed and Another Injured on Alabama Freight.

Birmingham, Ala., July 3.—While engine No. 230, drawing south-bound freight No. 15, on the Louisville and Nashville road, was going at twenty miles an hour down a steep grade a mile and a half south of Hartselle, Morgan county, Thursday morning, the boiler exploded and killed three men, wounding a fourth, and demolishing eighteen cars. The dead are: ATKINS, DANIEL, fireman. JENKINS, L. J., brakeman. JONES, JAMES, engineer.

The injured: Sanford, A. C., flagman; will recover. The cars piled on top of the engine twenty feet high. Engineer Jones was pinned down by the wreck. He was finally extricated, but died at 7:30 o'clock. Jenkins and Atkins met instant death. Their bodies were hurled 200 feet away and were horribly mangled. Jones leaves a wife and children in this city.

### Rescuers Working Slowly.

Wilkesbarre, Pa., July 3.—At the Twin shaft in Pittston the work of removing the debris is progressing very slowly, owing to the immense amount of solid rock that has fallen. Much of last night was spent by the rescuers in straightening the stone wall that conducts the ventilation in the shaft. The bodies are about seven hundred feet from where the rescuers are at work. It is almost an assured fact that the men will never be found alive, and it may be a week or more before they can be rescued. Some of the best-known miners in this region say it is more than probable that not half of the bodies will ever be recovered.

### Indiana Sons of Veterans Meet.

Frankfort, Ind., July 3.—The business session of the state encampment of the Sons of Veterans was opened Thursday morning. The afternoon session was given to hearing committee reports, reception of the Ladies' Aid Society and reports of the division officers. The parade in the evening by the visitors and Grand Army was large. The business of the encampment closes today, at which session the new At-

At 12:30 p. m. a picnic dinner will be served in the park. Bring your baskets. The park is a cool, shady place and open to all.

At 2 p. m. there will be an exhibition run by the Janesville fire department.

Good Citizenship Convention.

At 2 p. m. a Good Citizenship convention will be held at the Congregational church, open to five delegates to be appointed from each of the above named societies in Rock county. This convention will be organized and conducted on the plan of the national political conventions, and is to be in the interests of good citizenship. A platform will be adopted and candidates nominated. The public is invited to this convention.

All delegates from different cities, villages and hamlets are requested to meet and select a chairman to represent the whole delegation. This will bring the delegates from the different societies of the same place into closer union and action. And each delegation thus made up, will represent a state in the Union. Representation will be as follows: Janesville, Minn.; Clinton, Colorado; Fulton, California; Beloit, New Jersey; Shopiere, Texas; Emerald Grove, North Carolina; Evansville, Iowa; Edgerton, Maine; Milton, Montana; Milton Junction, Washington; Afton, Illinois; Centre, Ohio; Rock Prairie, Pennsylvania; Lima Center, New York; Footville, Wisconsin; Johnstown, Oregon; Johnstown Center, Virginia; Magnolia, Massachusetts; Orfordville, Michigan; Hanover, South Carolina; Cookeville, Indiana.

The Y. M. C. A. band of sixteen pieces will furnish music all day.

In the forenoon at 10 o'clock there will be a ball game at Athletic park between the Janesville and Rockford Y. M. C. A. teams, and another at 3:30 in the afternoon.

The U. C. L. Picnic.

The Union Catholic League picnic will also be a Fourth of July feature.

Beside a tug of war between city and county teams, the following program of sports will be carried out:

AN ACCIDENT AT THE JUNCTION

Little Girl Fell From a Hammock, Breaking Her Leg—Other Items

Milton Junction, July 3.—James McCulloch's little daughter Sadie, aged about six years, fell from a hammock Tuesday and broke her leg near the ankle. The fastenings of the hammock broke, letting her fall. Mrs. Baukin and children of Lodi, are in town visiting her parents and other friends. Mrs. R. Hill is very low. Her death is expected at any moment.

Mr. and Mrs. Frank Tonsley left for their home in Iowa, Thursday. They stop at Rockford on their way home. Mrs. R. Hill, who has been an invalid for many years, died Thursday night. She leaves two daughters. Mrs. Hattie Daniels of this place, and Mrs. Erb of Omaha, Neb. The funeral will be held at the home Sunday, conducted by Rev. V. E. Southworth of Janesville. Will VanLone is at home to spend the Fourth. He has been spending the last few months in Jefferson county. Rev. O. U. Whitford and wife of Westley, R. I., took tea at Charles Clarke's Thursday afternoon.

Mrs. J. M. Howard and children of Rice Lake, Wis., visited her cousin, E. D. Coon, Friday. The Methodist ladies' society met at Mrs. Smalley's Thursday and had a picnic supper. A very enjoyable time was had. Mrs. Baukin and children of Lodi, were present, which made the affair more pleasant.

Mr. R. Greenman is ill of tonsillitis. George Coon and wife of Chicago have returned home for the summer vacation and have gone to housekeeping in part of Mrs. Amos Crandall's house. Mr. Jewett has moved his family into their new home on the west side. Rev. and Mrs. Hamilton Hull have moved into the rooms vacated by them. Rev. George Shaw and wife of Nile, N. Y., who have been visiting relatives here left for their home Friday noon. The members of the Coon family and other friends of this place have been invited to attend the Golden wedding of Captain and Mrs. W. H. H. Coon at Utica, July 7th. In the death of Charles Stockman which took place last week, Milton Junction lost one of her most esteemed young men. He was a graduate of the high school and while of a retiring disposition had many friends, as the large attendance at the funeral Sunday testified.

SOME Magnolia Items.

Magnolia, July 3.—Mrs. Lydia Spencer and Alice and Minnie Rusk of Chippewa Falls, were the guests of Mrs. C. Weaver on Wednesday of this week. There is to be a Fourth of July picnic at Setzer's grove. All who cannot leave the place will have a good time at home. Ice cream and cake will be served. Charles Thompson, who was thrown from a horse last week is around on crutches. The social at Mrs. York's Wednesday night was a success. All enjoyed the music and had good time generally. Miss Alice Clifford will return from Chicago this week. Mr. Smit, Jameson has purchased

some pure Jersey cattle. Truman Andrew who has been under the doctor's care the past week from being hit with a ball is able to be out again. Mrs. Charles Clifford and children Gladys, Fred and Ray were in town Wednesday the guests of Mrs. C. Weaver.

News From Clear Lake.

Clear Lake, July 3.—Mrs. C. C. C. who has been visiting at Mrs. M. Paxson's for the past two weeks, went to Milwaukee to spend a week before returning to her home in Chicago. There was not as large a crowd at the grange picnic as was expected. Mr. and Mrs. George Van Etta of Janesville, were seen on our streets Wednesday of this week, on their wheels. Frank Hadden was in Evansville, one day last week, on his wheel. The tobacco in this vicinity is all transplanted for this year.

Dennis Hayes and family of Milton Junction visited at William S. Paxson's Sunday. Haying is all the go now. Good timothy hay at \$6 a ton delivered, or \$5 on the ground. Harvest has begun earlier than usual this year. Quite a good many spent the day at Clear Lake Wednesday and Thursday. Cyclers are plenty this summer.

PROSPECTS ARE GOOD FOR LEAF

Boom in Growth in the New Crop—Business Looking Up.

The only change in local market conditions is a stronger call for samples of filler goods and export grades, says The Leaf. The amount of business done is about the same as for some time past. There are prospects of a better business in the near future. A few dealers are riding from this market and are picking up a fair amount of old goods, mostly of filler and export grades.

Among the transactions reported are:

A car of strips sold by S. B. Hedges; 31 cases '93 sold by J. L. and M. F. Greene; 75 cases '93 and '94 sold by Joseph Grundy. G. H. Rumrill, L. B. Carle, Rudolph Haviland & Son and others had a fair retail trade. Shipments from this to eastern points have been liberal during the last ten days.

The weather still continues favorable to the growing crop and a regular boom in growth has been experienced. The outlook is the best it has been for years, the first of July.

Local Leaf Notes.

A. N. Jones shipped four cases of '93 last week.

George H. Rumrill shipped two cars of tobacco Tuesday.

P. C. Wilder and Sat. Barnard of Evansville, have been in this market several days this week.

Joseph Grundy returned last Friday from a short trip to St. Louis and vicinity. He reports business in that vicinity as rather quiet and money very scarce.

Several leaf dealers will go from this city to Washington Park, Chicago, Saturday, when Soverhill & Porter's famous pacer, Himbert Wilkes will strive to win first money.

N. J. Casey and Chas. Freehauf have formed a partnership for the purpose of dealing in leaf tobacco and will succeed the business of N. J. Casey, N. Main street.

F. J. Collman, of Madison, the Wisconsin representative of Sutter Bros., passed through this city Friday enroute for Lake Geneva, where he and his family will spend the summer in his handsome cottage.

ROCK COUNTY HORSES IN LONDON

Shipment Sent by Phillips & Hadden Arrives in Safety.

The eighteen head of horses that were shipped from this city to England, withstood the ocean voyage and were landed safely in London. Phillips & Hadden, who made the shipment, were rather anxious about their arrival, but word has been received saying that they were landed in safety. They are now, in all probability, drawing the street cars over the stone pavement of the British capital.

Stockholders Meeting.

The annual meeting of stockholders of the New Gas Light Company of Janesville for the election of directors and the transaction of such other business as may come before it, will be held in the company's office in Janesville, Wisconsin, on Monday, July 6, 1896, at 3 o'clock p. m. ## THE STATE JUBILEE TO BE CELEBRATED

SEMI CENTENNIAL EXPOSITION IN 1898.

Janesville and Rock County People Are Much Interested—Ceremony to Mark the Fiftieth Anniversary of the State's Admission to the Union—The Plans.

Janesville and Rock county people are much interested in the success of the state semi-centennial celebration to be held in Milwaukee. Plans are now being made for the event, and that it will be a successful celebration goes without saying. The local members of the committees are Captain W. T. Vankirk, Alderman George M. McKee and Mrs. John Winans. The celebration will occur in 1898, as on May 29th of that

JOHN C. KOCH, Milwaukee Executive Committee.

year the state will reach the age of fifty years, and the coming of that anniversary is the occasion for elaborate preparations, already in progress, for its appropriate observance. The principal feature of the proposed celebration will be a monster exposition, to be held along the lines of the World's fair, which shall illustrate the progress of the past fifty years in agriculture, in the arts and sciences, in manufactures, in commerce and in education in all the things that have contributed to the welfare and the rapid development of the commonwealth. The deeds of the past will be reviewed and marks will be set for future achievements. Besides the great exposition, which will continue for several months upon the State Fair grounds at Milwaukee, there will undoubtedly be local historical and literary celebrations at central points in the various communities of the state. Admission day and Memorial day, coming together as they do on May 29 and 30, will probably be observed together throughout the state in 1898, and the exposition will open at a later date. It is proposed to do away for that year with all the agricultural fairs and expositions held throughout the state and to concentrate the exhibits of all the counties in the Semi-Centennial exposition.

The State Semi-Centennial project was the outgrowth of the successful Milwaukee city semi-centennial celebration held last October. Pursuant to an invitation issued by John C. Koch, then mayor of Milwaukee; Frederick C. Isenring, chairman of the Milwaukee county board of supervisors; John E. Hansen, president of the Milwaukee Merchants and Manufacturers' association, and Cassius M. Paine, president of the Milwaukee chamber of commerce, a conference of prominent citizens of Wisconsin was held in Milwaukee, January 15 last. After enthusiastically resolving in favor of a suitable celebration the conference authorized a committee composed of Gen. Lucius Fairchild, John C. Koch, John E. Hansen, John Winans, J. J. Hogan and E. R. Hicks to select a committee of 100 citizens, ten from each congressional district, to take the initial steps for the celebration. That committee decided upon the following general scheme:

An industrial exposition. An educational exposition to illustrate the progress of our educational system and institutions. Conferences and commemorative exercises by religious denominations, benevolent and musical societies and labor organizations. The organization of a system for collecting and preserving facts of local history. The holding of suitable commemorative exercises of the admission of the state to the Union. Such other matter as the board of directors shall deem proper for these objects and purposes.

The general committee of one hundred delegates to an executive committee of nineteen, the duty of working out the details of the plan for the organization of a corporation, to be known as the Wisconsin Semi-Centennial Exposition company, which shall have a capital sufficient to carry out the purpose of building and conducting a suitable exposition. This committee is as follows: John C. Koch, Milwaukee, chairman; Louis G. Bohmrich, Kenosha; Horace A. Taylor, Gen. E. E. Bryant, Madison; John M. True, Baraboo; John E. Hansen, John C. Spencer, August Uihlein, E. J. Lindsay, L. T. Boyd, Mrs. J. M. Perce, Milwaukee; George McKee, Sunbury; Louis A. Lange, Fond du Lac; Thomas McCaul, Tomah; Thomas B. Reid, Appleton; John Barnes, Rhinelander; James H. Stout, Menomonie; Mrs. Theodora W. Youmans, Waukesha; Mrs. Angus Cameron, La Crosse. There are also sub-committees, each containing five members, in finance and on publicity and promotion. Walter W. Pollock is the general secretary, and is in charge of the offices, at the rooms of the Milwaukee Merchants and Manufacturers' association.

The unexpected death of Gen. Lucius Fairchild, who took an active interest in the semi-centennial celebration from its inception, is the cause for sincere regret on the part of his associates who valued his wise counsel and complete devotion to the enterprise. He was chairman of the January conference and was unanimously elected chairman of the committee of one hundred. Upon his death Horace A. Taylor of Madison, became the vice chairman, succeeded Gen. Fairchild. The amount of money to be required is variously estimated from \$500,000 to \$1,000,000. At the meeting to be held July 14 it is expected that the executive committee will complete the organization of the Exposition company, and that the people of the state will then be invited to subscribe to its stock. As the exposition will be held in Milwaukee and as the metropolis of the state will be more largely benefited than any other city, it is expected that Milwaukee's business men will be the largest subscribers to stock. It is also expected that a portion of the necessary funds will be obtained by legislative and municipal appropriations. The stock will be issued in \$5 shares.

There is no city in the United States more favorably situated than Milwaukee for the successful building and conducting of a big exposition, and there is no state that can make a more elaborate and complete exhibit of natural and manufactured products. It is proposed to furnish, in addition to the regular exhibits and a department like the Midway Plaisance of the World's fair, a constant round of special attractions. The Milwaukee soldiers' monument will be completed in time that its unveiling may form the central figure of a great reunion of Wisconsin ex-soldiers. The Grand Army of the Republic, at its recent department encampment, adopted a stirring resolution in favor of holding such a reunion, the first since 1880, and probably the last large general gathering of the veterans of the state will ever have.

The Wisconsin members of the League of American Wheelmen are enthusiastically in favor of securing for Milwaukee, if possible, the national L. A. W. meet for 1898, which would bring many thousands of people to the city for a week. An important department of the preliminary work that has already been started is a bureau of correspondence with officers of national and state associations with a view of securing their 1898 conventions for Milwaukee. It is also proposed to hold the state conventions of both political parties in the auditorium to be built on the Exposition grounds.

One of the many advantages possessed by Milwaukee over other cities of great importance in the conduct of an exposition, is the nearness to Chicago and other large population centers. Excursion boats carry thousands of people from Chicago to Milwaukee every summer's day. During the continuance of the exposition the number of Chicago visitors would be largely increased, and they would prove an important source of revenue to the exposition.

Many of the leading citizens of the state have shown an active interest in the Semi-Centennial project. Their names insure its success. The Exposition company's officers will be selected from the many patriotic and resourceful business men who have given Wisconsin a world-wide reputation for enterprise and integrity. The Semi-Centennial exposition will be worthy the confidence and patronage of the people of the entire state.

Hot weather dyspepsia may be recognized by the following symptoms: Depression of spirits, heaviness and pain in the stomach after meals, loss of flesh and appetite, no desire for food, bad taste in the mouth, especially in the morning, wind in stomach and bowels, irritable disposition, nervous weakness, weariness, costiveness, headache, palpitation, heartburn. It is a mistake to treat such troubles with "tonics," "blood purifiers," "cathartics," "pills," because the whole trouble is in the stomach. It is indigestion or dyspepsia and nothing else. All these symptoms rapidly disappear when the stomach is relieved, strengthened, and cleansed by Stuart's Dyspepsia Tablets. They should be taken after meals and a few carried in the pocket to be used whenever any pain or distress is felt in the stomach. They are prepared only for stomach troubles. Stuart's Dyspepsia Tablets are endorsed by such physicians as Dr. Harlandson, Dr. Jennison, and Dr. Mayer, because they contain the natural digestive acids and fruit essences which when taken into the stomach cause the prompt digestion of the food before it has time to ferment and sour, which is the cause of the mischief.

Stuart's Dyspepsia Tablets are pleasant to take and unequalled for invalids, children and every person afflicted with imperfect digestion. It is safe to say that they will cure any form of stomach trouble, except cancer of the stomach. Nearly all the druggists sell Stuart's Dyspepsia Tablets, full packages at 50 cents. A book on stomach troubles and thousands of testimonials free by address.

"A Scorcher."

# Battle Ax PLUG

Tobacco Dealers say, that "BATTLE AX" is a "scorching" because it sells so fast. Tobacco Chewers say, it is a "scorching" because 5 cents' worth goes so far. It's as good as can be made regardless of cost. The 5 cent piece is almost as large as the other fellows' 10 cent piece.

Under the city was restored and enlarged, but it was the city of war and turbulence checked by development. During the last 100 years several different times it was the French, and on the withdrawal of Napoleon's troops in 1815 was occupied by Italian army, and its citizens submitted to the authority of the king of united Italy  
1892—Tornadoes, floods and waterspouts wrought terrible destruction in six western states.

**DEATH ENDS EARTHLY WOES**  
**Mrs. Harriet Gallup.**  
Mrs. Harriet Gallup died at her residence in the town of Harmony Sunday morning, June 28, at 2 o'clock. Mrs. Gallup, daughter of Joseph and Betsey Grey of the town of Floyd, Oneida county, N. Y., was born, May 8, 1832. She had been a patient sufferer since the death of her late husband, Francis Gallup, fifteen months ago. Mrs. Gallup's faithfulness to God, and her willingness to die was fully and beautifully shown by the constant prayers, which she so pathetically uttered during her late illness. As a daughter she was dutiful and loving, as a neighbor she was a friend, as a wife the name could not be applied to a worthier. As a mother none could prove that tender and passionate part better. Such was the woman's life who has now left us. Such was the great and sad loss to neighbors and children.  
She leaves to bitterly mourn her loss three children, Henry and Emma Gallup of Harmony, and Mrs. Mary Saunders of Milton. The funeral services were held at the late residence of the deceased, Rev. W. T. Millar officiating, and her remains were interred in the family lot in the cemetery at Delavan.

**Funeral of J. H. Haviland.**  
Funeral services over the remains of J. H. Haviland were held this morning from the residence, at 10 o'clock. Rev. R. K. Manion, assisted by the Rev. Victor E. Southworth, officiating. A large number of friends were present, and the floral offerings were beautiful. The interment was in Mount Olivet cemetery, and the pall bearers were S. B. Heddles, G. H. Rumrill, Paul Rudolph, Joseph Grundy, E. R. Wixom and Charles Stoller.

**Mrs. Victoria C. Hinkley.**  
Victoria Carrington Hinkley, wife of J. W. Hinkley, died at the family residence, 207 South Main street at 6:10 o'clock this morning, aged 57 years. Mrs. Hinkley had been an invalid for several years, but the end came suddenly. The funeral services on Sunday will be private.

### TAKEN SICK WHILE IN CAMP.

Frank Granger Brought Home From Koshkonong on the Train.

Frank Granger, who has been camping at Lake Koshkonong for some time past, was taken suddenly ill, and was brought to his home in this city for treatment. Dr. E. E. Loomis was telegraphed for, to meet him at the train. His condition is now much improved.

A Janesville party is in camp near the Afton bridge. The pleasure seekers are Adam Sutton, Walter Parks, Theodore Smith, and Frank Metzinger. J. B. Day, William Hamilton and Richard McNeil returned, yesterday, after a pleasant two weeks' outing on the shores of Lake Koshkonong.

## UNUSED ELECTRIC POWER.

There is considerable waste, as people sometimes find out.

"Did you ever think," said an observing man lately to a reporter of the New York Tribune, "how much loose electricity there is around? It is brought to my notice especially every time I have occasion to ride in a trolley car on a wet day. I have frequently received a stinging shock by taking hold of the brass rail as I swung myself aboard. My feet are wet, you see, and water is so good a conductor that a ground connection is established with myself as part of the circuit. The sensation is quite enough to be disagreeable, I assure you."

"The metal doorsill, too, is another place where the current leaks out. Since I discovered that by personal experience I have often amused myself by watching the people who enter and leave the car. If they step over the wet threshold well and good, but if their feet touch it they are likely to get some of the superfluous power. Then the expression on their faces is ludicrous. Most of them look completely bewildered, as if they didn't know what had struck them, and I suppose they don't know for the instant."

"Those are not the only places where there is free electricity, either. In my own office I can get as severe a shock as I could from a battery. In one of the incandescent light fixtures there is a spot where the current escapes in great force. By touching this place with a key, a knife or any bit of metal and resting my other hand on the iron of the steam radiator near by I can take a shock of such a power as to burn my hand and make me drop the experiment in a hurry. The other day half a dozen of us joined hands and formed a line between the two places. The man at one end held a key to the fixture and the fellow at the other end laid his hand on the radiator. You would hardly believe how strong the current was. Our hands seemed suddenly gripped together and after we let go our fingers tingled for minutes from the effect."

"I have often thought that a computation of the amount of unused electric force there is around us would be interesting. There must be numbers of other places that I have never noticed where it escapes and I suppose there is no doubt that in the aggregate the power wasted would be sufficient to accomplish a tremendous amount of work."

## The Pyromaniac's Smile.

Fire Marshal Whitcomb has been pretty busy taking testimony in regard to fires lately, and while speaking about examining witnesses the other day he mentioned several curious things he had noticed. He says that in every case where he has discovered a pyromaniac he has had his suspicions about the person's guilt aroused by a peculiar smile which plays around the mouth of the guilty one when under examination. It is hardly a smile, rather a peculiar puckering of the corners of the mouth, an expression almost indefinable, but it seems to mean, "Well, I'm smart for you to catch me, any way." The marshal says he can recall smile cases where he noticed this cause at the time had no other following except a witness, yet by following the smiling ones he has obtained their most convincing testimony and confession and almost invariably the guilty ones themselves.—Transcript.

## Garters of Ribbon and Lace.

Garters are marvelous creations this year. Unhygienic persons who persist in wearing the circular ones have regular "confections" from which to choose. Some are made of bands of elastic almost covered by tiny ruffles of narrow ribbon and butter-colored lace. An inch wide piece of elastic will permit about four outstanding frills of each. The bow in the middle is made of the lace and ribbon.

Somewhat less befrilled are bands of elastic edged with narrow ribbon ruffles and fastened with a bow and buckle. The buckle may be of any sort—gold, silver, or studded with mock jewels. The monogram of the owner is usually engraved on the buckle. Some of the garters are of elastic incased in a puffing of pompadour silk, and these are particularly effective.

## Parrots Spread Consumption.

Paris is troubled by the fear that parrots spread consumption. Some parrots brought from Brazil died two years ago of a mysterious disease resembling consumption, and recently several persons at Versailles and Maisons-Laffitte have died of what seems to be the same disease.

## Swimming and Diving Sparrow.

Adrian Hickman of Bath, Me., owns a swimming and diving sparrow. The little creature takes to water as naturally as a duckling and swims rapidly after bread crumbs. It will dive beneath the surface at the word of command.

Why is it that one man is old and decrepit at 45, and another hale and hearty at 80? It depends on the care he takes of himself. Often a man's body gets out of repair—the trouble grows until it lays him out in bed. Whenever a man feels that he is not quite as well as he ought to be, whenever he is listless, without energy and without vitality, whenever he finds that he is losing weight and that his ordinary work gives him undue fatigue, he needs Doctor Pierce's Golden Medical Discovery. If he keeps on working with his liver inactive and his blood impure—he keeps his nerves and his body under a constant nervous strain. He will not be hearty when he is old. The "Golden Medical Discovery" cures many so-called diseases because nearly all illness springs from the same thing—bad digestion and consequent impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure.
